

## Codebook for Beer and Cruz Aceves (forthcoming):

"Extending Rights to Marginalized Minorities: Same-Sex Relationship Recognition in Mexico and the United States". *State Politics and Policy Quarterly*. SPPQ-16-0079.R2.

Dataverse DOI 10.15139/S3/DAVDSH

### USA Data, US.dta

Variable Name	Variable Description
<b>democrat_governor</b>	1 if governor is from Democratic party, 0 otherwise
<b>electoral_competition</b>	Level of electoral competition. Four-year moving average index, constructed by averaging 1) the winning candidates share of the popular vote, 2) the margin of victory, 3) whether the seat is safe and 4) whether the election is contested
<b>DV</b>	0 = no recognition of same-sex relationships 1 = civil union or marriage bill initiated 2 = civil unions enacted 3 = marriage enacted through judiciary 4 = marriage enacted by state legislature
<b>LGBT_orgs</b>	Number of ILGA member organizations in each state
<b>diffusion</b>	Spatial lag of dependent variable, level of recognition of same-sex relationships in geographically adjacent jurisdictions in the previous year.
<b>past_events</b>	1 year lag of dependent variable
<b>levangelicals</b>	Log of percentage of population that is evangelical
<b>lcatholics</b>	Log of percentage of population that is Catholic
<b>lweatlth</b>	Log of state per capita income, in constant US dollars, lagged one year.
<b>lracial_diversity</b>	Log of percentage of non-white people
<b>lurban</b>	Log of percentage of the population living in: in urbanized areas and urban clusters (each with their own population size and density thresholds)
<b>Durat, durat2</b>	Control for time dependency
<b>statename</b>	State name
<b>year</b>	Year of observation
<b>Staten0</b>	state codes

<b>lweatlth</b>	U.S. Bureau of Economic Analysis. <a href="https://www.bea.gov/index.htm">https://www.bea.gov/index.htm</a>
<b>lracial_diversity</b>	Population Division, U.S. Census Bureau, "Annual Estimates of the resident Population by Sex, age, and Hispanic Origin for the United States, States, and Counties." <a href="https://www.census.gov/data.html">https://www.census.gov/data.html</a>
<b>lurban</b>	Decennial Census, U.S. Census Bureau, "Urban Percentage of the Population for States" <a href="https://www.census.gov/data.html">https://www.census.gov/data.html</a> Intervening years linearly interpolated and extrapolated using ipolate epolate
<b>Durat, durat2, durat3</b>	Calculated by authors. Squared time, Cubed time.

## Mexico Data, MX.dta

Variable Name	Variable Description
<b>PRI_governor</b>	1 if governor is from PRI, 0 otherwise
<b>PRD_governor</b>	1 if governor is from PRD, 0 otherwise
<b>electoral_competition</b>	Level of electoral competition. Average vote share of the largest party and the margin of victory in the most recent gubernatorial elections
<b>DV</b>	0 = no recognition of same-sex relationships 1 = civil union or marriage bill initiated 2 = civil unions enacted 3 = marriage enacted through judiciary 4 = marriage enacted by state legislature
<b>LGBT_orgs</b>	Number of ILGA member organizations in each state
<b>diffusion</b>	Spatial lag of dependent variable, level of recognition of same-sex relationships in geographically adjacent jurisdictions in the previous year.
<b>past_events</b>	1 year lag of dependent variable
<b>levangelicals</b>	Log of Percentage of population that is evangelical + the percentage of Seventh Day Adventists
<b>lcatholics</b>	Log of percentage of population that is Catholic
<b>lweatlth</b>	Log of state per capita income, in constant Mexican pesos, lagged one year.
<b>lracial_diversity</b>	Log of percentage of indigenous people
<b>urban</b>	Percentage of the population living in a locality with more than 2500 residents
<b>Durat, durat2, durat3</b>	Control for time dependency
<b>State</b>	State name
<b>year</b>	Year of observation
<b>Staten0</b>	state codes
